

Summer 2008 – the story so far....

May saw the first Art group of the year

In June we had the annual 24hr Bike race in Gindou and Susie had the local children making masks

The Art groups continued in June

Our guests enjoyed relaxing, eating out at “La Recreation” and some even did a bit of exercise

We managed to squeeze in a visit to the Cahors Blues festival to see Bill Wyman's Rhythm Kings before three busy weekends of French weddings

In late July we had seven members of a visiting choir staying with us and on one lovely summer's evening we fed the whole choir and their support team – 30 in all!!!

The produce from the garden struggles on but the wildlife flourishes

A Family art day for 12 was a great success and hidden talents were discovered

....and it's still only August
